Candidates attending a Training for Facilitators for The ASK Workshop are expected to participate in discussions and activities including practicing and demonstrating proficiency in front of a group and self-evaluation. They receive coaching support with feedback and are assessed by the Session Leader on the following parameters over the course of the three days:

- Actively participates in their own learning.
- Supports the learning of others.
- Respects and values the perspectives of others.
- Invites active participation of others.
- Remains focused on stated learning goals, objectives and related activities.
- Demonstrates understanding of the content.
- Offers comments and asks questions that help to clarify content or take learning to a deeper level.
- Demonstrates respect for and appreciation of diverse cultural contexts, both in terms of the material being presented and the learning experience in the training room.
- Demonstrates a transition from the perspective of learner to that of facilitator in the following ways:
 - consideration of the impact on the learner of live in-workshop events (planned/unplanned);
 - consideration of learner needs and potential need to adapt to those needs such as through pace, use of examples, support of discussion versus lecture as needed to advance learning;
 - respects and demonstrates fidelity to content, process, format, and order of unfolding as set out in the facilitator guide.
- Presents in their own words demonstrating understanding and integration of content.
- Presents clearly, in a thoughtful and engaging manner.
